duction. Gilbert, portraying a young lawyer who takes up his practice in a small town among the timberlands of Northern Michigan. From the start he is handicapped by the fellowship attitude of a certain village tyrant who endeavors to make away with the ambitious young man because the latter refuses to enter into a crooked arrangement with him. The Sunday feature will be "Heart of the Desert." It is the story of a man who kidnaps a girl and took her into the desert to cure her of melancholy. The trick worked and in no end of trouble and the picture will be filled with excitement from start to finish.

"The Good Provider," "The World Champion" and "A Question of Honor"—Criterion.

Famie Husta's picture story "The Good Provider" will be featured at the Criterion Theatre this Saturday. It is the story of an over-indulgent father who gives his children money to do as they please. The picture is so interesting to the audience and is rewarded by demands upon his pocket-book that drive him almost to desperation. His children love him, but they have the heedlessness and optimism of youth that so often cause pain to the elders. The picture is abundantly provided with tangible situations, humor that will strike home to every spectator.

On Sunday, Wallace Reid will be seen in "The World's Champion." In the picture there is a tight sequence wherein Reid, as Gusmet Williams, defeats his opponent and wins the Nobleweight Championship of the World. The last round of "The Leather Funder" will also be shown on Sunday.

Next Thursday, the Criterion will present Anita Stewart in "A Question of Honor." An eastern society girl's fight to annihilate the vicious forces of the west furnishes the story, with dramatic turnings of a fight for a national right of way and a life-and-death struggle, and as part of the month's magnificent background.

Black Men's Words

(By Charles Cain)
Associated Negro Press
Colored preachers, colored teachers, lawyers, business men and politicians all are shouting about the interests of the colored man. It is a volume, but it is great.

"You," indignant colored men will say, and they will point to their schools and churches and tell me how many books they have founded since the Civil War, and how many money colored people have, and how many news.

Their words are true, and show progress from the old slavery. But still they slave words, words, words from the lips of a master, while men's words. For they reveal only two things to the black slave mind: a desire to get as far as possible from the old slave days and a desire to become, as much as possible, imitations of the white man.

Anger comes to indignant colored men who do not want to be imitations of the white man. We want to remain black, and show the white that we are as good as he.

True, but how? By doing as he does: by judging your people by white standards, white schools, white churches, white and progress and civilization. This is the way black men, with hardly an exception, have chosen. And I think it is the way that will never let the race from subordination and inferiority.

I am not trying to preach. I am a colored man, and I cannot tell the colored man what to do. But I am going to ask three questions: 1—Can the white man's way of life make the black man free?

2—Will the black, by imitating the white civilization, make the white respect them and treat them as equals?

3—What value has the white civilization for white men?

The first question is for colored people to answer.

To the second, as a white man I must say "No." As a colored man I say "Yes." Some whites are angered by my words. But those whites, the better, do not matter. What does the so-called liberal white man think of the colored man who imitates his way of life?

He thinks, and sometimes says, "Why, these Negroes seem to be quite intelligent, and they are quite respectable." A little white leadership, a little white guidance, and they are a pretty fair lot.

That attitude does matter. That is the attitude that makes the white man feel all white men are subjects—white with a clear conscience. And every time the colored people choose the American way of life, they make it more and more so.

Another Negro treat in literature Africa about the XVII century, captured by Spanish traders and sold to the family of Granada in Cordoba, Seville. He studied along with his young master, not without learning.

Yet, this same race was destined in the Nineteenth Century to be the central figure, the back of controversy. The significance of that controversy, the meaning of that war which meant the liberation of the Negro states in America, marked a tremendous stride in the progress of civilization.

That the Negro was the subject of so much literature, that his freedom was bought with so great a price, placed him at a point of vantage which at once was one of the most renowned in the annals of mankind—was the center of the world's attention for rich powers.

WHEREAS: Frank M. Slater, member of the Republican City Committee for the old Seventeenth Ward, who was ousted from the office of Public Administrator, after the disclosure of election frauds perpetrated in the ward in his behalf, is a candidate for election to the committee representing the new Seventeenth Ward; and

WHEREAS: A stream cannot rise above its fountain head and a ward party organization and its principles cannot be better than the individuals who compose and dominate that organization; therefore, be it further

RESOLVED: That we are opposed to the election of Frank M. Slater as a member of the Committee for the new Seventeenth Ward, such opposition being based upon his record, which is undesirable; and be it further

RESOLVED: That we favor and endorse the election of Mrs. Elbridge Fulks, to succeed Frank M. Slater as a member of the Republican City Committee, and pledge our support to her for the following reasons:

We want to remove the stigma of political fraud that has caused residence in the Seventeenth Ward to become a city-wide reproach.

We want to abolish a fraudulent political system that has done more, and if permitted to exist will continue to do more, to depreciate the value of property in the Seventeenth Ward than a permanent pestilence.

The Seventeenth Ward is the geographical center of the city. Its location near the business center and its adequate transportation facilities, its many churches,

hotels, apartment houses and splendid residence boulevards and streets should, and would, invite under improved ward political conditions the highest type of citizenship.

We stand for conditions that will promote civic and educational development in the Seventeenth Ward.

A Masonic Temple, to be one of the most imposing in the world, is in course of construction, while the homes of clubs and a great University are located just west of Grand Avenue, and we stand for the removal of the blight that present political conditions in the Seventeenth Ward, east upon these institutions.

The beautiful Y. M. C. A. Building on Pine Street, east of Grand Avenue, is a monument that stands for the sobriety, morality and industry of the colored race, although colored voters in the Seventeenth Ward, under present political conditions, are denied the right to have their votes counted as cast.

We stand for the election of a member of the Republican City Committee to represent the Seventeenth Ward in the Republican Party councils pledged that the ballot of every voter, both white and colored, in the ward will be counted as cast.

We stand for a modern and thoroughly equipped high school for colored students to be located in the Seventeenth Ward, east of Grand Avenue; so that succeeding generations may not only have their ballots counted as cast, but may cast intelligent ballots.

We believe that members of the party committee should be the servants and not the bosses of the Republican voters in their respective wards.

We stand for the election of a member of the Committee to represent Republican voters of the Seventeenth Ward in the Republican City Committee pledged to represent all of them and not just himself, relatives and personal friends.

We want a member of the Committee who will demand that the ward be given the recognition to which it is entitled in the distribution of proper public patronage, but who will ask the Republican organization in the ward to say to whom these places shall go.

We believe that a \$5,000 position on the city payroll, held by a member of the city committee, or a relative, merely because of political influence and not on the ground of efficiency, is a detriment to the public service and an injury to the party, and we are opposed to such practice.

We think two efficient men or women on the payroll at a total of \$5,000 a year, instead of one individual at that sum, even if efficient, will result in better public service and in twice the party service, and we stand for that principle.

We favor the election of a member of the Committee who will demand honest elections; refuse promise of protection to criminal characters, in return for corrupt political work, and who will stand for exact justice to all voters regardless of race, sex or color. Voters who stand for these principles will stand with Mrs. Fulks in the election.

We are opposed to the intimidation of voters at the polls and in public political meetings, and we believe the election of Mrs. Fulks will put an end to this reign of terror. Voters who stand with us for this principle will support Mrs. Fulks in the primary.

The Republican Party here in the Seventeenth Ward is clearly drawn with the principles involved as far separated as the opposite sides of the earth. The side which Mrs. Fulks represents stands for political integrity and public decency. There is no middle ground and it is up to the Republican voters to make their choice.

SEVENTEENTH WARD COMMITTEE OF 132 FOR MRS. ELBRIDGE FULKS.

MRS. ELBRIDGE FULKS, Chairman; T. J. WOLFLEY, Secretary; FRANK F. BARNETT, Treasurer.
